Former Witchblade Wielder Joins the A Team

She first made her mark in the Top Cow universe as a wielder of the Witchblade—but Dani Baptiste is moving up to the A team this December when she becomes the Angelus in a six-issue miniseries by *Ron Marz & Stjepan Sejic.*

"Sara and Dani were really dual leads for the better part of the last three years in ***Witchblade***, and I liked having both characters be part of the storyline. But now that we've paid off everything we'd been working toward since issue #100, I'm looking forward to Sara regaining the solo spot in Witchblade." writer *Ron Marz* said. "Moving Dani into her new role as the Angelus, and into her own mini-series, allows me to approach her character and the concept from a fresh perspective. Just like when I took over ***Witchblade***, my goal with ***Angelus*** is to start with the foundation we already have, and build something new and exciting from there."

"The Angelus is the primal force of Light in the Top Cow Universe and part of the Trinity comprised of the Darkness and the Witchblade,"Top Cow publisher *Filip Sablik* explained. "The forces of Light and Dark are forever in opposition with the Witchblade acting as the Balance between the two. The Angelus was first introduced in ***The Darkness*** series in the initial arc by *Garth Ennis & Marc Silvestri*.

"Originally the Angelus was a bit two-dimensional, acting as a foil for Jackie Estacado, the anti-hero bearer of the Darkness. She represented what happens when a force for 'good' becomes blinded by their lofty goals and loses sight that sometimes the end don't justify the means.

"One of the primary goals from the beginning when we introduced Danielle Baptiste in ***Witchblade #100*** was to create a three dimensional character that would one day bear the mantle of the Angelus. We wanted to have readers connect with the person of Dani before connecting her to the property. The ***Angelus*** mini-series is the realization of that organic story-telling goal."

So is it safe to say that Dani's transition was always a part of the big picture? " Yes, this was what we had planned for Dani all along, from her first appearance back in issue #100," Marz said. "We did plant a few clues along the way -- a few bits of foreshadowing dialogue, but mostly with visuals that Stjepan dropped in. Nothing overt, because we didn't want to give away anything. But we couldn't resist dropping a few hints here and there.

With the Witchblade acting as a sort of mediating force between the Darkness and the Angelus, will Sara be at all influenced by the fact that the new Angelus was once a fellow Witchblade wielder? "That's really one of the interesting questions going forward," Marz said. "Jackie Estacado is the Darkness host, as well as the father of Sara's baby, while Dani is tied to Sara through being a former wielder of the Witchblade, as well as a close friend. And we know that the Darkness and the Angelus are eternal enemies. So Sara's role as the mediating force between the two is likely to get complicated. She's much more 'caught in the middle' now than she ever was in the past. I don't think I'm giving away too much in saying that Dani and Jackie will meet in ***Angelus #3***."

Will Dani's experiences as Witchblade have any influence on her fulfillment of her role as Angelus? "In some ways, she's the Angelus now *because* she wielded the Witchblade for a time," Marz said. "It was almost her trial by fire. She proved herself capable of handling the Witchblade, now she's been handed something even more powerful."

Will the three series remain interrelated, or will each have its own distinct storylines now that Dani's transition is complete? "The series will be related in the way that, say, the Batman, Superman and Wonder Woman titles are related," Marz said. "The characters have past history, they have relationships with one another. Their respective series are meant to stand alone, but they'll cross paths when it makes sense for the story.

"We definitely want the ***Angelus*** series to have its own identity beyond ***Witchblade*** or ***The Darkness***. Jackie's appearance in ***Angelus #3*** is a necessity because we need to sort out exactly how the Darkness and Angelus are going to relate to one another with this new status quo. But we're not going to be crossing over all the time, or telling one meta-story. I think readers get enough of that stuff elsewhere."

So just what is the focus of ***Angelus***? "***Angelus*** is currently slated as a six issue limited series," Sablik said, "and the purpose of the series will be to establish what Dani's role is now, what the Angelus is, and what is its place in our universe in a meaningful way. It's a heroine's origin story really. If the sales are there to support it, we'd love to go to a full blown ongoing series."

"Overall, the mini is about Dani adjusting to this new role, and deciding if she even wants to accept it," Marz added. "She's stepping in to a new life, moving away from New York City and back to New Orleans, taking on the burden of being the Angelus, and exploring the possibility of a relationship with her female friend Finch, who moved to New Orleans with her.

"While all that's going on, Dani will have to deal with being in charge of the entire host of Angelus warriors, at least some of whom are not happy about having an outsider suddenly running the show. Prior to this, the Angelus has been a little more of a one-note character, principally an antagonist for Jackie Estacado. Now we're fleshing out what it means to be the Angelus, as well as continuing to flesh out Dani."

Character designs by Stjepan Sejic

Marz assures readers that he and Top Cow are making ***Angelus*** completely accessible to new readers. " One of my pet peeves is how insular mainstream comics have become. If you're not reading the whole line, and haven't been reading it for a decade, you're left wondering what the hell is going on. That's not the way to attract new readers and grow the industry. That's just preaching to the converted, which is the easiest thing in the world to do.

"I try to make sure I approach my books with the mindset that they need to be ground-floor reads. If someone hasn't been reading ***Witchblade***, this series should be pretty welcoming. The first issue was written -- and re-written -- to include all the pertinent information, hopefully in a fairly seamless way. You get the who, what, where and why, you get to see Dani in action as the Angelus, and you get a pretty good cliffhanger at the end."

Will Dani have a human life as well, or is the Angelus full time? "She has a human life, which is one of the big changes for the Angelus," Marz explained. "Previously, the Angelus has completely taken over any host, and that's generally resulted in the Angelus getting her ass kicked. So this is a new way of doing things, with the Angelus allowing the host to keep her individuality. Between moving to New Orleans, being reunited with her retired cop father, and possibly getting herself into a lesbian relationship, she'll have plenty to keep her occupied when she's not in 'Angelus mode.'"

How tough is it to find suitable adversaries for protagonists who are so powerful? "I don't know how tough it is for Ron, but traditionally the adversaries in the Top Cow Universe have been larger, more abstract forces like religion, governments, and big corporations," Sablik said. "In my mind that's a lot more frightening than a single mad scientist villain. Much of Sara, Jackie, and Dani's struggles have not been external, but internal."

The new ***Angelus*** series completes Top Cow's metaphysical triad, giving the line a force of good, a force of evil, and a force of balance. How did Top Cow become one of the most metaphysical of all the mainstream publishers? "It's partially due to the types of stories that we (and particularly Marc) like to tell," Sablik said, "and partially looking around the marketplace and realizing that trying to build a superhero mythology to compete with Marvel and DC is a real uphill battle."

"If you want the same superheroes you grew up with, you go to Marvel or DC," Marz explained. "They're known quantities, and there's nothing wrong with that. If you want a Big Mac or a Whopper, you know where to get them.

"So I think it makes sense to offer something different than you can get from the Big Two. There's a pretty wide range of stories we can do with these characters. In ***Witchblade***, it runs the gamut from supernatural to straight crime drama to very character-driven relationship stuff. The same for ***The Darkness***, though obviously Jackie is on the wrong side of the law compared to Sara. ***Angelus*** will have that kind of flexibility as well.

Readers looking for more ***Angelus*** than a six-issue series can offer need look no further than the summer of 2010. "This summer, we kick off our thirteen-part event, ***Artifacts***. It should be obvious from the sheer size of the thing that this is a big one," Marz said. "The previous events, ***First Born*** and ***Broken Trinity***, were more compact, more specific to a few characters. For this one we're going widescreen—more characters, more widescreen storytelling. I know everybody says, 'the universe will never be the same!' but in our case, we actually mean it!"

"For years we've been laying the foundation of the series by hinting at the Thirteen Artifacts of the Top Cow Universe," Sablik added. "This series promises to unveil all thirteen Artifacts, what they mean to the universe, and why they cannot be brought together. It's going to be a thirteen issue maxi-series which will take us over a year to complete. And since Ron has been so instrumental in establishing much of the mythology we currently use, he was of course the natural fit to write ***Artifacts***. You'll see the build up to the event in ***Angelus, Witchblade, The Darkness***, and a series we have not yet announced."

Angelus #1, a $2.99 comic, is scheduled for December 3rd release.

Stephen King Sinks His Teeth Into Vampiric Vertigo Project

Thus far, *Stephen King's* comics career has been pretty much limited to adaptations of his prose work—but that's about to change in a big way when he joins with writer *Scott Snyder* and artist *Rafael Albuquerque* to launch a new ongoing Vertigo series, ***American Vampire***.

On DC's Vertigo blog site, *Pamela Mullin* said that the series "will introduce readers to a new breed of vampire—a more muscular and vicious species of vampire with distinctly American characteristics. The series' first story arc, to be told over the course of five issues, will feature two different stories, one written by Snyder, the other by King.

"Snyder's storyline is one of decadence and deception and Jazz Age glamour. Pearl is an ambitious modern woman with starlet dreams. She frequents Hollywood's speakeasies and dance-halls searching for her first big break, only to find something far more sinister waiting for her.

"King's story provides the origin of the very first American vampire: Skinner Sweet, a bank robbing, murdering cowboy of the 1880s. Skinner is stronger and faster than previous vampires; he has rattlesnake fangs and is powered by…. the sun?

"Following the conclusion of the first story arc, Snyder and Albuquerque will trace Skinner's bloodline through various decades of American history."

Snyder spoke enthusiastically about the new project. "Getting the chance to re-imagine a classic monster—to invent a whole new mythology and secret history—nothing could be more exciting for me . . . except getting the chance to do it with *Stephen King* at Vertigo. I honestly can't think of any influences more crucial or enduring for me than Vertigo and *Stephen King*. To have them both involved in ***American VAmpire***, along with the amazing *Rafael Albuquerque*—this all a dream come true for me!"

King seems equally enthused about the project. "I love vampire stories, and the idea of following the dark exploits of a uniquely American vampire really lit up my imagination," King said. "The chance to do the origin story—to be 'present at the creation' —was a thrill. I owe big thanks to *Scott Snyder* for letting me share his vision, and sip from his bucket of blood."

"In a time where vampires are everywhere, Scott and Stephen seem to have done the impossible: An original, inventive and detailed new series. It's a challenging and exciting project I'm proud to be working on," Albuquerque said.

Vertigo's *Karen Berger* sees ***American Vampire*** as a perfect fit for Vertigo. "Publishing a series with a fresh take on the vampire mythos would be incredible enough, but adding the talents of *Scott Snyder*, an exciting new voice in fiction, and *Stephen King*, the master of horror himself, is beyond awesome. We are thrilled that Vertigo is the home for this special new work, which we're certain will be a major addition to the timeless and popular appeal of vampire lore everywhere."

Going for the Bronze

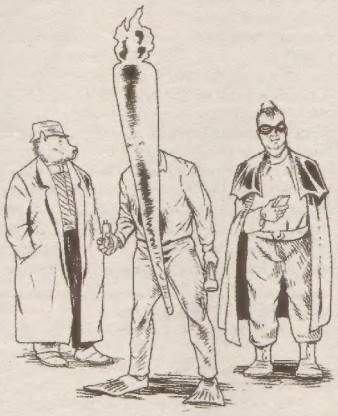
Last week, *Eric Shanower* told *CSN* about his work on ***The Marvelous Land of Oz*** and other Oz projects. But of course, all of us here at *CSN* are avid fans of his *other* major commitment, ***Age of Bronze***—a comic book series that retells the saga of the Trojan War, expanding on Homer's ***Iliad.***

While both projects are inspired by other literary works, Shanower pointed out that they're quite different. "***Age of Bronze*** is an adaptation, but the process is completely different than adapting the Oz books. For ***Age of Bronze***, I have literally *hundreds* of sources for the story that I weave together to tell the course of the Trojan War. I have all kinds of notes and outlines and files. With Oz it's more a question of figuring out how to adapt a specific text directly to a script so that it'll make a good comic book—much more direct."

While the length of Shanower's Oz adaptations is predetermined, his retelling of the Trojan War is much larger in scale and less clearly defined in length. "I'm more than a third done with ***Age of Bronze***. Currently the major storyline is my retelling of the Troilus and Cressida episode. The major sources for that are *Chaucer's* ***Troilus and Criseyde***, *Shakespeare's* ***Troilus and Cressida***, the *William Walton* opera ***Troilus and Cressida***, and *Boccaccio's Il Filostrato*. Those are all works from different times with different concerns, different tones, and differing stories. Of course, there are plenty of minor sources along with those that I'm consulting as well. Distilling all my sources into one coherent story is part of the fun of ***Age of Bronze***."

Even though these projects keep Shanower busy, he still finds time to work on a few other things. "Forthcoming projects include a 12-page comic story about creating ***Age of Bronze***, produced for ***Classics and Comics*** (edited by *Kovacs & Marshall*, to be published by Oxford University Press in 2010), a collection of essays on the use of Greek and Roman Classical Literature in comics; Egyptian decorative art for ***The Treasure of Karnak*** (by *L. Frank Baum*, to be published by Hungry Tiger Press), a boys' adventure about finding treasure in Egypt.

"And there are half a dozen other things that I'm working on which should see publication someday, including the Marvel adaptation of Baum's third *Oz* book ***Ozma of Oz***, which I'll begin writing within the next few weeks—gotta get some ***Age of Bronze*** pencilled first!"



CSNsider

- ***FVZA: Federal Vampire & Zombie Agency #1***, the new *David Hine-Roy Allan Martinez* series from Radical, sold out of its first printing prior to release. No word yet on plans to reprint.
- Talk about bonus items: ***The Creeper by Steve Ditko HC***, slated for February release, will feature a 25-page Ditko story never published until now. "Enter Dr. Storme," which features an appearance by Ditko's character the Odd Man, was originally intended for publication in ***Showcase #106*** before the comic was cancelled abruptly; the story will be printed in black and white.
- *Bob Burden* dropped a note to *CSN* to let us know that his upcoming ***Flaming Carrot Collected HC Volume 2: The Wild Shall Remain***, will supplement its reprint material with an all-new eight-page comic story both written and drawn by Burden—the first story he has done since his illness a few years back

"I wanted to do something extra special for this volume." Burden said. "Of all the Dark Horse collected volumes, #2 was the most underprinted and has been sold out since almost the beginning." Look for the limited hardcover in December.

Back to Press

- ***Blackest Night: Superman #1 Third Printing*** (SEP098071), featuring a recolored version of the *Shane Davis* variant cover, in stores 11/18.
- ***Blackest Night: Superman #3 Second Printing*** (SEP098072), also featuring a recolored version of the *Shane Davis* variant cover, in stores 11/18.
- ***Dark Reign: The List—Hulk Second Printing*** (SEP098064), in stores 11/25.
- Bluewater Press's ***Tribute: Michael Jackson, King of Pop 2nd Printing***, in stores in mid-November.

SPIDER-MAN BY STAN LEE & LARRY LIEBER

...YOU ACTUALLY TRIED TO GET SANDMAN TO FAKE A FIGHT WITH YOU SO YOU COULD TAKE SOME PHOTOS?
I'M NOT PROUD OF MYSELF.
BUT THEN I REALIZED THAT'D JUST GET HIM IN MORE TROUBLE WITH THE LAW...
AND THAT'S THE LAST THING I'D WANT TO DO.
WHILE...
TOMORROW-- THE SANDMAN COMMITS HIS FINAL CRIME!

•**DEAN KOONTZ'S FEAR NOTHING GN VOL 1** 12/16 Dabel Brothers NOV090707 $14.99

Adapting the Dean Koontz novel. Christopher Snow was born with a rare genetic disorder that leaves him extremely vulnerable to the light; a light-sensitivity so severe that he cannot leave his house in daylight, cannot enter a normally-lit room, and cannot sit at a computer. Only at night is he truly free. One night Chris witnesses a murder, a murder only he can solve. As one forced to live in the shadows, Chris Snow knows the night world better than the dark adversaries that stalk his quiet town. When you live in the darkness of Moonlight Bay as Christopher Snow does, and you are desperately trying to save the day, you learn to fear nothing!

•**DEAN KOONTZ'S: NEVERMORE #5 (OF 6)** Dabel Bros OCT090854 $3.99

•**DEAN KOONTZ'S: NEVERMORE #6 (OF 6)** Dabel Bros OCT090855 $3.99
